Interested in the history of efforts to enact national health care legislation? While the history of the Patient Protection and Affordable Care Act includes bills going back to the 107th Congress, ProQuest Digital U.S. Bills and Resolutions allows researchers to find bills related to ALL previous attempts to enact health care reform. It includes efforts during the administrations of Bill Clinton, Richard Nixon, and Franklin Roosevelt. You can even look back into the 19th century to find a bill introduced at the suggestion of activist Dorothea Dix to benefit the "indigent insane."

Does your research involve hearings, reports, or noncongressional publications that refer to a bill? Without the bill text, you have no way of knowing exactly what is being discussed. Sometimes a hearing or report includes the text, but typically it does not. ProQuest Digital U.S. Bills and Resolutions allows you to retrieve any bill or resolution text instantly.

Interested in genealogy? Our collection includes private bills that mention individuals by name. These are just a few examples of how ProQuest Digital U.S. Bills and Resolutions gives researchers the big picture needed for academic excellence.
