

# O'Reilly for higher education

## Helping students prepare for today's job market

According to the World Economic Forum, at least 54% of all employees will require retraining by 2022 to keep their role.<sup>1</sup> This rapid rate of change means that developing employable, transferable skills is a must. O'Reilly for higher education delivers content from experts who understand what it takes to compete in today's economy, while supporting your school's key curriculum. So your graduates are empowered to move toward a successful future as soon as the diploma is in hand.

### The experience-based insights to see what lies ahead

For more than 40 years, O'Reilly has built a community of experts across a broad range of subjects. They track the faint signals of emerging trends; we use their insights to create up-to-the-minute content your students need to understand the dialogues and disruptions that shape the worlds of business and technology today. We call this the O'Reilly Radar.

### Expertly curated, high-quality content

Our savvy editorial team delivers exclusive books, videos, and learning experiences—including early release titles and case studies from leading organizations—plus resources from more than 200 of the world's most respected publishers, including McGraw-Hill, Taylor & Francis, Wiley, HarperCollins, and others. And we add new titles to O'Reilly for higher education every day.
